

Technical Data Sheet

eimü®Ensbona-Blue +

Product description

eimü®Ensbona Blue PLUS is a unique udder care balm with herbal extracts and essential oils.

Product information

eimü®Ensbona Blue PLUS has a cooling and stimulating effect on the udder tissue and accelerates regeneration.

Use **eimü®Ensbona Blue PLUS** at the first signs of udder changes and thus prevent worse.

eimü®Ensbona Blue PLUS strengthens the natural resistance of the udder.

eimü®Ensbona Blue PLUS is listed as an operating resource for organic farming in Germany.

Directions for use

After milking, apply to the respective udder quarter or the entire udder and massage in.

Repeat the application as required.

Storage cool, dark and frost-protected at + 5 to 25° C.

Do not return used product in its original packaging.
